

Elephant Hills Resort

Overview

The resort of Elephant Hills is situated on a small hill overlooking the Zambezi River, 4km upstream from the Victoria Falls in Zimbabwe. In this prime wilderness location, you can relax in total comfort and luxury while still experiencing the African wildlife. Elephant Hills has a total of 276 rooms, each with a balcony offering fantastic views of the mighty Zambezi River. You can enjoy watching antelope grazing and traveling troupes of baboons as they move around their natural environment. There is a wide variety of on and off-site activities, where you can choose to spend your days relaxing in the beautiful grounds or embark on adventures through the African wilderness. Spend your days relaxing by the pool, or engage in stress-releasing sporting activities such as tennis, squash and golf, or you could spend your time pampering yourself with beauty and spa treatments.

Room Information

Elephant Hills can accommodate 552 people in its 276 luxury bedrooms and 13 recently refurbished suites. As you would expect from a large resort hotel, the rooms have all the modern comforts you could think of including air-conditioning, overhead fans, mini-bars, satellite television and radio, telephones (bathroom and bedroom), mini safes and a coffee and tea stations. And if that's not enough, the hotel has 11 executive suites, 1 deluxe suite and 1 presidential suite that are even better equipped. The unique dark grey architecture and teak window frames are understated and stylish, and give the place a very professional feel. These dark colours are well contrasted with the lush green of the vegetation and the vibrant blue of the large swimming pool. All the rooms have balconies and you can actually see the spray from some of the rooms in Golf Wing – quite spectacular. The Golf Wing has beautiful views of the golf course where a wide variety of wildlife can be spotted. The resort is also disability-friendly with lifts on all floors and two rooms specially equipped for disabled guests. The porters have also been trained to assist those with special needs.
