

Xigera Camp

Overview

Enjoy a true Delta experience while you sit back in a mokoro (dug-out canoe) and silently glide through the tranquil Okavango waterways or watch the sunset and birds gliding home to roost from a motorboat on the Xigera Lagoon. When water levels permit, game drives (usually September to April) allow the opportunity to observe wildlife and the unique delta scenery from the comfort of a land-rover. And for the more adventurous we can track animals on foot. Meals and drinks are enjoyed under the thatch of the raised lounge, pub and dining area overlooking a permanently flowing channel. A traditional boma offers alternative dining under the African stars. There is a plunge pool for cooling off and relaxation. The wooden footbridge, a unique feature to Xigera, connects Xigera island to the next and is often used by Lion and Leopard moving between the islands allowing guests great viewing opportunities. Birding in the area is excellent, with Pels Fishing Owl, Slaty Egret, Wattled Crane, African Skimmers and a host of eagles, vultures, raptors and kingfishers to be found. The area has the highest density of the rare Sitatunga antelope found anywhere in the Okavango Delta.
