

Cleopatra Mountain Farmhouse

Overview

Cleopatra is a five star property and is renowned for its exceptional gourmet cuisine, tranquillity, good service, stunning views and a sense of peacefulness. We are a wonderful birthday, wedding anniversary, honeymoon getaway. The main hotel overlooks our trout stocked dam and guests are welcome to sit on the verandah and enjoy a Cocktail or pre-dinner drink, whilst feeding the ever hungry trout, with the view of Mount Lebanon in the background. Guests are welcome to enjoy a ride around the dam on the raft or try their hand at one of the canoes. Activities in the area include walking up at Highmoor Nature Reserve, Rock Art tours at either Giant's Castle or Kamberg Nature Reserve, horse riding on the Appaloosa horses, trout fishing both at Highmoor or Kamberg as well as the Little Mooi River, which runs through our property. We have a helicopter on standby, which will collect our guests in the garden and fly them up to Giant's Castle and over game as well as landing on the mountains for some sparkling wine before being brought back to Cleopatra. The Midlands Meander is not far from us where guests can enjoy 178 craft stalls now.
