A welcome break is taken at Breakfast Rock at the top of the gorge, before we make our way to Maclear's Beacon, the highest point on Table Mountain. The walk along the eastern face of the mountain is spectacular with views over the whole of the Table Mountain chain. An olive press, where the farm's olives are pressed for oil, as well as the farm's wine cellar is also located here.

A visit to the farm's shop will undoubtedly include a very informative talk by Ansie Vlok herself, as well as an olive oil tasting where you will learn all the tips you need for recognizing a good olive oil. All the other produce for sale can also be tasted.
