Day 3 Grootbos Nature Reserve to Cape Town

In the morning after you have enjoyed breakfast, you are collected at your hotel as transferred to Cape Town.

Upon arrival in Cape Town, you will be taken to the Michaelis Art Collection - Situated in the hub of Cape Town on Greenmarket Square, this collection is housed in the former City Hall (the Old Town House) built in 1755 in Cape Rococo style. Donated by Sir Max Michaelis in 1914, it consists of a world-renowned selection of Netherlandish art from the seventeenth-century Golden Age. There are works by Frans Hals, Jan Steen, Jacob Ruisdal, Anthony van Dyck and numerous others.

At the same time, view and buy some of the local textiles, arts and crafts exhibited on the square by local craftspeople. Then we visit the SA National Art Gallery. South Africa's premier art museum houses outstanding collections of South African, African, British, French, Dutch and Flemish art. Selections from the Permanent Collection change regularly to enable the museum to have a full programme of temporary exhibitions of paintings, works on paper, photography, sculpture, beadwork, textiles and architecture. They provide insight into the extraordinary range of aesthetic production in this country, the African continent and further afield. This program is complemented by a range of temporary visiting exhibitions.

You are then taken to the lower cableway station on the slopes of Table Mountain. Weather permitting, ascend the mountain by aerial cable car (entrance fee included), and from a height of 1067 metres, view the city and Table Bay below, Robben Island, the Atlantic Seaboard as well as most of the spectacular Cape Peninsula.

Check in at your hotel in the late afternoon and enjoy a wonderful welcome dinner.

Day 4 Cape Town

Today we spend time admiring Mother Nature's Art when we follow one of the most scenic routes in the country to Cape Point through the Cape Point Nature Reserve. On the way we visit the Natale Labia Art Gallery. Muizenberg was once a seaside resort for the rich and famous and the "Millionaire's Mile" of large stone houses along Main Road now forms part of a seaside museum walk incorporating the Natale Labia, which houses temporary and permanent collections of art works.

The Kalk Bay Gallery, also on the Main Road, has original limited edition graphics, engravings, prints, African art and artefacts, encompassing the rituals and beliefs so prominent in African culture.

Simon's Town is the 3rd oldest town in South Africa and home to some superb galleries with the Bronze Age Sculpture House hosting one of the finest exhibitions of bronze sculptures in South Africa as well as a complete working forge. Incorporating Albertyn's Stables Art Gallery and a bronze

foundry which services many of the city's artists, this wharf-side institution is housed in a 200-year-old building originally used by a cartage company to stable horses and store carts.

Continue to Cape Point Nature Reserve where you will be taken to the best vantage point to view what is erroneously said to be the meeting place of two mighty oceans. Lunch is included at the Two Oceans Restaurant.

On the way back to the hotel, visit picturesque village of Hout Bay and the Sembach Gallery, which is housed in one (if not the) oldest restored cottages in the Cape. The gallery maintains close working relationships with local artists such that work can be commissioned to fit with a particular décor. In the meantime, it overflows with an eclectic collection of all types of paintings, sculptures in bronze and stone, and artifacts in steel. It is guarded by a fearsome-looking dog fashioned from welded-together automotive components: everyone loves it!

Return to your hotel in the late afternoon.

This evening you will be collected at your hotel and taken to Pigalle Restaurant. Pigalle owes its name to a vibrant square in Paris, which is famed for its night life, and its name is certainly appropriate, as the restaurant overlooks the nightly hustle and bustle of Somerset Road where a huge revival has put Greenpoint firmly on the map as the trendy area of town. Owners Victor and Naldo Goncalves have many successful years in the restaurant industry, and embraced the challenge of converting a huge old ice-rink into a stunning 300 seater restaurant which simply oozes glamour from every pore. Much of the décor was shipped down from Johannesburg including the spectacular chandeliers which contrast superbly with the stark tubular pipes criss-crossing the enormous ceiling. Dramatic red and black upholstery and luxurious carpeting create an opulent décor, that is off-set by the simple white walls with eye-catching light displays. Certain feature walls have been painted a warm ruby red to create the perfect backdrop for the larger than life 30's style prints, which add the finishing touches to the exciting interior. An impressive bar, handcrafted in rich dark wood, has plenty of seating for those enjoying a pre dinner drink, and offers a selection of speciality cocktails such as the Pigalle Petal (gin, rose syrup and litchi juice) as well as a variety of flavoured martinis.

Contemporary Art is viewed in the Claremont Gallery, which has recently been expanded to become the largest contemporary art gallery in Cape Town.

We depart for Stellenbosch, the heart of the winelands of South Africa. On the way we stop at Hazendal Wine Estate. A visit to the Marvol Museum of Russian Art and Culture at Hazendal offers fascinating insight into our cosmopolitan roots. A rare combination of Russian realist paintings, religious icons and Faberge eggs has found an unusual home beside the wine cellar in a chic gallery and jewellery showroom. Enjoy a wine tasting at this wine estate.

Once in Stellenbosch, visit the SASOL Art Museum. The SASOL Art

Museum opened in 1991 after the Dutch Neo-classicist building of 1907 (previously the Bloemhof School) was restored and restructured with the aid of a substantial grant from Sasol. This museum is run by the University of Stellenbosch and houses a collection of historical works by Cape artists as well as temporary curated and solo exhibitions.

Lunch is included at Volkskombuis - De Volkskombuis Restaurant in Stellenbosch, specialises in traditional Cape cuisine, in authentic Cape Dutch surroundings. The estate's art gallery houses works by famous artists including Steve Kaufman, Andy Warhol's understudy. The Arts Foundation, an art school for township children from the surrounding area, also finds its base at Eaglevlei. Art created by the students will be showcased and sold there. One hundred per cent of the money raised will be ploughed back into the education of the children.

The final stop for today, where we will enjoy a late lunch, is the Seidelberg Wine Estate. Award-winning wines, hearty meals in our relaxed restaurant, spectacular views and live Venetian-style glass blowing at Red Hot Glass, where visitors can watch owners David Jackson and Liz Lacey and their staff make gorgeous Venetian bowls and vases in bright, swirling colors.

Seidelberg Estate has been preparing a welcome for you for over 300 years, so take a step back in time - come and pamper your senses with one of the Winelands' most memorable experiences.
